Fidelitas University | 2019 - 2024

- With specialization in Databases

### -CISCO CCNA

UCR | 2021

- Hardware & Software
- Network Fundamentals
- Routing Protocols and Concept
- Lan & Switches, Wireless

### -COMPUTER MAINTENANCE AND REPAIR TECHNICIAN

UACA | 2010

## LANGUAGES

Spanish  
English

# LUIS CARLOS PORRAS

## SYSTEMS ENGINEER

With 4 years of experience in Software Development, experience in multiple projects with emphasis in software development, system integrations and process automation, database management and leadership of multidisciplinary teams.

## WORK EXPERIENCE

### ○ - SOFTWARE DEVELOPER

Bamboo Coding

Sep 2023 to March 2024

I assumed key responsibilities within the development team. I highlight my contribution to updating and improving critical software, leading its restructuring to eliminate security vulnerabilities, enhance performance, and remove obsolete libraries. Additionally, I implemented significant changes in the main system to optimize information accessibility for our clients, thereby strengthening our relationship with them and demonstrating my commitment to excellence and continuous improvement.

### ○ - TECHNICAL PROJECT MANAGER

Bamboo Coding

Jul 2021 to Aug 2023

I led the creation and implementation of a management system including developing standardized templates and processes that significantly improved the efficiency and quality of our projects. In addition, I provided ongoing technical support to the development team, ensuring their success in delivering projects. As a result, the team was able to meet deadlines and optimized the management of the budget allocated for each project.

### ○ - FREELANCE SOFTWARE DEVELOPER

Freelance

Aug 2020 to present

I started with small projects that have evolved into creating cleaner and more scalable code, as well as more efficient and robust applications. Throughout my career, I have acquired new skills in critical areas such as UI/UX, application deployment and other essential competencies for a senior developer. My commitment to continuous improvement and the acquisition of new skills has allowed me to deliver high quality solutions that meet the demands of my clients.

### ○ - OFICIAL DEL MAESTRO

Bac credomatic

Aug 2015 to Jun 2021

My experience in the banking industry has provided me with significant growth, especially in process automation. I have been able to improve efficiency and accuracy which has contributed to the overall improvement of the team's performance and productivity.
